<i>Preface</i>	xix
<i>List of Abbreviations</i>	xxi

A	INTRODUCING FLOODPLAIN RESTORATION	
1	Institutional dimensions of floodplain restoration in Europe: an introduction.....	3
	<i>Timothy Moss and Jochen Monstadt</i>	
	1.1 Floodplain restoration as a societal challenge	3
	1.2 Institutional complexities of floodplain restoration	6
	1.3 State of the art and purpose of the book	8
	1.4 The research context of the book	10
	1.5 Structure of the book	11
	1.6 References	13

2	Floodplains in Europe: the case for restoration	16
	<i>Keith Richards and Francine Hughes</i>	
2.1	Introduction	16
2.2	The FLOBAR2 project and the inter-disciplinarity of floodplain research	17
2.3	European floodplains	22
2.4	The case for restoration	29
2.5	The practice of restoration: requirements and constraints	32
2.6	Conclusions	38
2.7	References	39
B	POLICY CONTEXTS OF FLOODPLAIN RESTORATION	
3	Flood risk management and floodplain restoration in Europe: recent policy developments at EU level	47
	<i>Thomas Dworak</i>	
3.1	Introduction and background	47
3.2	The development of a European Flood Directive	48
3.3	The proposal for a Floods Directive	50
3.4	Future steps	51
3.5	Linkage of EU floods policy to other policy areas	51
3.6	Conclusions	59
3.7	References	60
4	Policy innovations in the aftermath of a disaster: contexts of floodplain restoration in Germany	63
	<i>Jochen Monstadt and Timothy Moss</i>	
4.1	Introduction	63
4.2	Policy statements on floodplains and their restoration	65
4.3	Principal instruments and policies relevant to floodplain restoration	68
4.4	Funding programmes and economic instruments	78
4.5	Forms of cooperation, consultation and education	79
4.6	Programmes and projects targeted at floodplain restoration	81
4.7	Conclusions: drivers and constraints of floodplain restoration ..	82
4.8	References	84
5	Floodplain restoration in the context of river basin management: policy development and implementation in France	88
	<i>Jochen Monstadt</i>	
5.1	Introduction	88
5.2	Policy statements on floodplains and their restoration	89

5.3	Principal instruments and policies relevant to floodplain restoration.....	93
5.4	Economic instruments and funding programmes	108
5.5	Forms of cooperation, consultation and education	110
5.6	Programmes and projects targeted at floodplain restoration....	111
5.7	Conclusions: drivers and constraints of floodplain restoration	113
5.8	References	115
6	Policy shifts and delivery gaps: contexts of floodplain restoration in England and Wales.....	119
	<i>Timothy Moss</i>	
6.1	Introduction	119
6.2	Policy statements on floodplains and their restoration	121
6.3	Principal instruments and policies relevant to floodplain restoration.....	123
6.4	Funding programmes and economic instruments	135
6.5	Forms of cooperation, consultation and education	138
6.6	Programmes and projects targeted at floodplain restoration....	139
6.7	Conclusions: drivers and constraints of floodplain restoration	141
6.8	References	143
C	EARLY GENERATION SCHEMES OF FLOODPLAIN RESTORATION	
7	The restoration of a floodplain on the Upper Rhine: managing the interface of large-scale policy and small-scale implementation	151
	<i>Sylvia Kruse</i>	
7.1	Introduction	151
7.2	The physical context and use of the river	152
7.3	The policy context	154
7.4	Brief description of the project.....	156
7.5	Principal drivers and constraints of floodplain restoration on the project.....	162
7.6	Selected emblematic issues	166
7.7	Conclusions and recommendations	172
7.8	References	174
8.	Restoring an alluvial forest and ancient meander on the Garonne: linking environmental protection to fishing and recreation	177
	<i>Maria Hagemeier and Axel Klaphake</i>	
8.1	Introduction	177
8.2	The physical context and use of the river	178
8.3	The policy context.....	180

8.4	Brief description of the project.....	182
8.5	Principal drivers and constraints of floodplain restoration on the project.....	188
8.6	Selected emblematic issues	190
8.7	Conclusions and recommendations	197
8.8	References	199
9	The Long Eau floodplain restoration project: “flying by the seat of your pants”	201
	<i>Timothy Moss</i>	
9.1	Introduction	201
9.2	The physical context and use of the river	203
9.3	The policy context	205
9.4	Brief description of the project.....	207
9.5	Principal drivers and constraints of floodplain restoration on the project.....	216
9.6	Selected emblematic issues	217
9.7	Conclusions and recommendations	222
9.8	References	225
D	NEW GENERATION SCHEMES OF FLOODPLAIN RESTORATION	
10	The relocation of a dyke on the River Elbe: floodplain management as a challenge for intersectoral and multilevel coordination	229
	<i>Jochen Monstadt</i>	
10.1	Introduction	229
10.2	The physical context and use of the river	230
10.3	The policy context	235
10.4	Description of the project	238
10.5	Principal drivers and constraints of floodplain restoration on the project.....	248
10.6	Selected emblematic issues	251
10.7	Conclusions and recommendations	255
10.8	References	258
11	Restoring floodplains on the River Seine: combining flood prevention with regional development	261
	<i>Maria Hagemeyer and Axel Klaphake</i>	
11.1	Introduction	261
11.2	The physical context and the use of the river	262

11.3	The policy context	265
11.4	Description of the project	267
11.5	Principal drivers and constraints of floodplain restoration on the project.....	273
11.6	Selected emblematic issues	276
11.7	Conclusions and recommendations	282
11.8	References	283
12	The Parrett Catchment Project: between rhetoric and reality286 <i>Ross Beveridge and Timothy Moss</i>	
12.1	Introduction	286
12.2	The physical context and the use of the river	288
12.3	The policy context	290
12.4	Description of the project	293
12.5	Principal drivers and constraints	300
12.6	Selected emblematic issues	301
12.7	Conclusions and recommendations	310
12.8	References	313
E	CONCLUSIONS	
13	Coping with complexity: lessons for policy development, project management and research.....317 <i>Timothy Moss and Jochen Monstadt</i>	
13.1	Introduction	317
13.2	Cross-cutting analysis of drivers and constraints	319
13.3	The development of floodplain restoration projects	327
13.4	The persistent policy delivery gap.....	331
13.5	Implications for policy development and project management....	333
13.6	Conclusions	335
13.7	References	337
	Index.....	339
