About the Author

Dr William T. Muhairwe is a Management Specialist trained in Economic and Business Management. Since 1998 to date, he has been the Managing Director (MD) of National Water and Sewerage Corporation (NWSC). While at NWSC, he has instituted high performance turnaround initiatives that have transformed the organisation into a profit-making government parastatal. Dr Muhairwe has spearheaded the formation of an External Services arm in NWSC that presents an excellent model on how a utility can help its peers to benchmark best practice solutions, at affordable costs. Apart from Uganda, some of the beneficiary countries include Kenya, Tanzania, Rwanda, Zambia, Nigeria, India, Mozambique and Ethiopia. Formerly, Dr Muhairwe worked for the Uganda Investment Authority as its Deputy and eventually Ag Executive Director for three years, and was responsible for attracting inward private investments in Uganda. Prior to that he was the MD of the East African Steel Corporation, a Joint Venture Company between the government of Uganda and a private company (The Madhvani Group). Dr Muhairwe has key competences in strategic planning, performance turnaround policy formulation, private sector development and stakeholder management.
