

Finnish Water Services: Experiences in Global Perspective

Editor(s): Tapio S. Katko

Finnish Water Services: Experiences in Global Perspective, the latest book by UNESCO Chair holder Tapio S. Katko, challenges the reader to assess critical sector issues:

Can 24/7 access to safe drinking water be taken for granted?
What threats does deterioration of water and sewage networks pose?

Who are responsible for providing and producing water services?

Why do many international water-related comparisons rank Finland among the top countries?

This book is a timely contribution to the discussion on water services. In addition to water professionals, *Finnish Water Services: Experiences in Global Perspective* is suitable for anyone interested in water and its use.
