

Terms & Conditions for the Use of the Water Supply Costing Processor (WSCP) tool

Last updated: August 2015

This document outlines the Terms & Conditions governing the use of the Excel spreadsheet Water Supply Costing Processor (WSCP), which has been developed by Fabrizio Carlevaro and Cristian Gonzalez (referred to below as the “authors”). The WSCP tool is accompanied by the practical manual *Costing Improved Water Supply Technologies for Low-Income Communities*.

a) Copyright and Ownership

All the contents and designs of the WSCP are property and owned exclusively by the “authors”. The free download of the WSCP does not transfer ownership to the users under any circumstances.

Extracting tables or reproducing the contents of the WSCP, either in its entirety or in part, is prohibited without prior written consent from the “authors”. Such consent can be obtained on request by conventional mail or by email to watersupplycostingprocessor@gmail.com.

All use of the tables, or of any other material from the WSCP has to clearly identify the source as “Water Supply Costing Processor (WSCP), IWA Publishing”.

Copying, republishing, transferring, or in any other way disseminating, the unmodified and unaltered contents of the WSCP, partially or in its entirety, is strictly forbidden.

The WSCP tool cannot be commercially exploited in any way or under any circumstances.

b) Use of the WSCP

The use of the WSCP is limited to the purposes explained in the manual. It is also limited to the personal use of the registered individual or organization. Registration is obligatory prior to download of the WSCP.

c) Disclaimer

The “authors” provide no express or implied warranties concerning the WSCP and shall not be liable for any damages or losses whatsoever resulting from the use of the WSCP.

The “authors” are not responsible for any errors made by inappropriate use of the WSCP or for errors in interpretation and conclusions resulting from erroneous use of the WSCP.

Users are invited to notify the “authors” of any technical or errors that may appear in the WSCP tool to watersupplycostingprocessor@gmail.com

Statements made in the manual and in the tool do not necessarily reflect the policies and principles of the International Water Association.
